Kelly – Tom is good with proceeding with Dave Ross edits, expecting Jeaneanne will be good with those, so please go ahead with making these updates across the board. Thanks!

I am caught-up in the scramble to finalize the transmittal letters to the NHPA consulting parties, so Rosemary will likely need to lead this meeting. Dave Ross had a suggested edit to one of the Tribal consultation close-out letters (attached), which I think addresses much of what I was hoping to cover at 4:00. Specifically his edit describes the approval in the present tense (i.e., EPA is approving) instead of in the past tense (e.g., EPA has approved), which makes sense to me. If everyone agrees we will apply this language to the notification letters to the Corps, FWS, and NMFS. If you disagree please respond to all.

Thanks,

Tom

When: Tuesday, December 15, 2020 4:00 PM-4:15 PM (UTC-05:00) Eastern Time (US & Canada).

Where: Microsoft Teams Meeting

There are letters that need to be part of our AR that will reference our final action (e.g., consultation close-out letters to tribes, notification letters to other federal agencies) and I want to make sure we have consensus on the appropriate timing of the signatures on those relative to the final action. I also want to make sure we have consensus on the appropriate language to use. I will share a separate document prior to the meeting that will hopefully allow us to work through this quickly.
